The Property is zoned R-4 Residential District and is located in the 9th Ward; and

Whereas, the Minor Subdivision and Land Development Plan submitted for the Project was prepared by Yohn Engineering, LLC., Collegeville, PA, latest plan revision dated August 20, 2025 (“Plan”); and

Whereas, the Planning Commission of Haverford Township, at the public meeting of Thursday, August 14, 2025, voted to recommend approval of the Plan subject to the comments contained within the August 25, 2025 review letter prepared by Pennoni Associates; and

Whereas, said Plan has been submitted to the Board of Commissioners of the Township of Haverford for consideration in accordance with the Pennsylvania Municipalities Planning Code and pursuant to the Haverford Township Subdivision and Land Development Regulations, Ordinance 1960, Chapter 160, Sections 4. A and B.

Now, Therefore, Be It Resolved by the Board of Commissioners of the Township of Haverford that the Plan is APPROVED subject to the following conditions:

#### A. Conditions of Plan Approval.

1. The Applicant must ensure that the Plan addresses any outstanding comments in the August 25, 2025 Township engineer review letter prepared by Pennoni Associates. Further, the Applicant shall comply with future review letters related to future Plan revisions made in response to prior comments to the reasonable satisfaction of the Township Engineer.

2. The Applicant shall comply with the following conditions made subject to the Planning Commission recommendation on August 14, 2025 as follows:

- i. The Applicant shall ensure that the Plan addresses any outstanding comments in the September XX, 2025 memorandum prepared by the Township Shade Tree Commission.
  - ii. The Applicant was not recommended approval of the waiver from Section 160-5.B(4)[c], to not provide sidewalk and concrete driveway apron.
  - iii. The Applicant shall consider installation of stormwater management system that permits additional capacity on the site to add impervious surface beyond the initial new construction build.
3. A subsequent recordable final plan shall be submitted for internal Township review that addresses all Township Engineer review letter requests, further Plan details and clarifications, or revisions based upon the terms of this Resolution.
  4. Applicant must comply with any applicable requirements of the, Pennsylvania Department of Environmental Protection, Pennsylvania Department of Transportation (including, but not limited to, obtaining any necessary Highway Occupancy Permits and Signal Permits required by PennDot), United States Environmental Protection Agency, or any other necessary outside agency, and obtain any necessary planning modules, approvals, or permits from such agencies, or enter into any required agreements such agencies require, before the Plan is recorded.
  5. Pursuant to Section 78-51 of the Township Code, Applicant shall pay the required contribution to the Township Stormwater BMP Operation and Maintenance Fund in the amount calculated by the Township Engineer.
  6. The conditions of this Resolution must be satisfied, and all fees and costs set forth in this Resolution shall be paid, before the issuance of a building permit for the Project.
  7. Applicant must complete and record all required easements and/or maintenance agreements or declarations, including, but not limited to, a stormwater management facilities operation and maintenance agreement (requiring, in part, perpetual maintenance of all stormwater management facilities installed according to the Plan by the landowner of the Property) in forms reasonably satisfactory to the Township Engineer and Township Solicitor prior to recording the Plan. Applicant will provide all necessary legal descriptions for any necessary easements.
  8. New deeds for the subdivided lots must be approved by the Township Solicitor. The Applicant shall provide a legal description for the new lots and shall provide all necessary legal descriptions for any necessary easements or rights-of-way to the Township Engineer for the Township Engineer's review and approval.
  9. Prior to recording the Plan, the Applicant shall execute a Land Development and Financial Security Agreement to guarantee the installation of all public improvements associated with the Project ("Improvements") on a form drafted by the Township Solicitor. Financial Security shall take the form of a cash escrow held by the Township, an irrevocable standby letter of credit in a form acceptable to the Township Solicitor, or a tri-party agreement in a form acceptable to the Township Solicitor. If Applicant were to post financial security in the form of a bond, the Township Solicitor shall have the unconditional right to review the bond and must approve the conditions and language of the bond. Further, the bond shall be issued by a "AAA" rate surety, or its equivalent, qualified to do business in Pennsylvania, and shall contain language stating that the bond is to be payable upon demand, absolutely, and unconditionally, and if payment is not made, that the bonding company shall be responsible for reasonable attorneys' fees and costs that are incurred to collect on the bond, plus interest at the annual rate of twelve (12%) percent, for so long as the bond remains unpaid. A bond or letter of credit is required to automatically renew annually until the Improvements detailed on the Plans are completed, any maintenance periods have passed, and the final release is issued by the Township, subject to partial releases being permitted in accordance with Pennsylvania Municipalities

Planning Code. To ensure automatic renewal, a bond or letter of credit shall include a 90-day Evergreen Clause in a form acceptable to the Township Solicitor.

10. Financial security shall be posted in the amount of 110% of the total cost of the Improvements.

11. All outstanding Township fees, including review and recording costs and fees, Township Engineering fees, and Township legal fees, and any other professional fees associated with the review and approval of the application and Plan shall be paid in full before the Plan is recorded, in accordance with the Pennsylvania Municipalities Planning Code.

12. Prior to recording the Plan, and in addition to the financial security posted for the Project, Applicant shall deposit with the Township or otherwise establish a reasonable sum of monies with the Township, in an amount to be reasonably determined by the Township Engineer, as to be further described in the Land Development and Financial Security Agreement, for the reimbursement of the Township's reasonable engineering, inspection, legal, and related administrative costs and expenses related to the further reviews, inspections, and development of the Project, in accordance with the Pennsylvania Municipalities Planning Code.

13. A note shall be included on the final recorded Plan listing any waivers granted by the Board of Commissioners.

14. Except for the conditions and requirements placed upon the future development as specified in the Plan and herein, this Resolution shall not apply in any way to any future construction or land development on any lot or the consolidated lot. Upon any applicable construction or commencement of development on the consolidated lot, the Applicant will obtain any other necessary Township approvals, relief, and/or permits, and pay all applicable fees, unless additional relief is obtained.

15. The terms and conditions of this Resolution shall run with the land and shall apply to any assignee, transferee, or other successor in interest in the Property or the development of the Project. This Resolution or a memorandum of this Resolution may be recorded against the Property by the Township, or a subdivided portion of the Property, at the Township's sole discretion, to which the then-current landowner of the Property shall be deemed to have consented to such recording. Regardless of whether this Resolution is recorded, the Township shall have the right to enforce any violations of the conditions of this Resolution as a violation of the Township's Subdivision of Land Chapter and/or pursuant to Section 616.1 of the Pennsylvania Municipalities Planning Code.

B. Waivers. The Applicant has requested the following waivers from the Township's Subdivision of Land Chapter pursuant to a written waiver request. An indication that a waiver was granted reflects that the Township has determined that the Applicant has sufficiently established that the literal enforcement of the provision waived will exact undue hardship because of peculiar conditions pertaining to the land in question, and that the waiver is not contrary to the public interest or otherwise contrary to the purpose and intent of the Township Code, as demonstrated and explained by appearances of the Applicant before the Board at public meetings and through the waiver request letter(s) submitted. A lack of indication of the decision on the waiver after the Township has executed this Resolution shall be interpreted to mean that the waiver was granted, unless the minutes of the associated Township meeting reflect otherwise:

1. From Section 160-5.B.(4)[c] to not install sidewalks along streets and driveway apron for the proposed driveways. The waiver is hereby:
